PERSONAL STATEMENT

An SM scholarship recipient and former documentations minister of APC Speaks, I'm a consistent honor student with significant experience in leading and contributing to various academic projects, adept in problem-solving, and project management skills with focus on Agile methodologies.

Certified in Microsoft Azure AI Fundamentals and a certified Neo4j Professional, my expertise extends to analytics, project management, UI/UX, and software development and testing. I have experience in tools like Laravel, React, Django, and Frappe frameworks and libraries. I am capable of data visualization and presenting valuable insights using tools such as Weka, R Programming, Neo4j, Tableau, and Power BI. I am also proficient in Microsoft 365 Tools and creative tools like Canva and Adobe Premiere Pro for project management and design.
